

**MONTHLY PROGRAM NARRATIVE—Suffolk County**  
**Testing as Prevention (TAP Program)**

**Report Month/Year: \_\_November 2024\_\_ Date submitted: \_\_11/27/2024\_\_**

**1. Please share one or two major accomplishments and/or challenges that the Testing as Prevention program experienced this month.**

The TAP program was given good feedback from local colleges, and were thankful that we were providing this service to their students.

The TAP program attended community events where the public was very interested in learning about our program.

**2. Did the program reach its projected number of HIV tests this month?  Yes  No**

*Projected Number of HIV tests for the Month*      20    
*Actual Number of HIV tests for the Month*      20  

If no, please outline the program's plan to increase HIV test numbers.

**3. Please describe the method(s) used this month to promote the program in the community (i.e. flyers included in mailings, email/internet promotions, conferences/health fairs, calls to organizations – etc.)**

We made sure we adapted to the specific demographic of each event or location.

As well as remind every event organizer or contact to promote and talk about our testing program.
