“Ryan White Part A” Programs

Medical Case Management (MCM)

Thursday's Child Case Management provides linkage to HIV care and other supportive services. We specialize in serving those who are newly diagnosed, out-of-care, or experiencing challenges maintaining care. Medical Case Management services can help address concerns such as housing, food, insurance, transportation, benefits, and managing appointments.

Emergency Financial Assistance (EFA)

Food or housing insecurity can be major barriers to care. Our program can provide Emergency assistance to eligible HIV+ individuals experiencing hardship in these areas. The “EFA” program can provide grocery store cards, utility assistance (in the face of termination), and some limited short-term housing-related assistance on a case-by-case basis.

Other Services

Safety Net/AIDS Services

Access program: can provide resources not covered under other benefits, such as

- Personal care and household cleaning supplies
- Transportation vouchers
- Clothing or household essentials
- HIV information and referral services

Support Groups:

Special social support group for Long Term Survivors & more. Please call the office for more details.

Eligibility for Ryan White Part A, MCM and EFA include verification of HIV+ status, income under 500% of the Federal Poverty Level, and proof of Nassau or Suffolk residency, regardless of immigration status. Veterans are eligible regardless of income level
